# FACULTY

## Dr. James H. Amburgey President

Dr. Amburgey became President of Hiwassee on June 1980, after having previously served as the Academic Dean of the college for many years. He holds degrees from Hiwassee College, Emory & Henry College, University of Virginia, and the Doctor's Degree from the University of Tennessee.

President Amburgey has been highly active in civic and educational affairs. He has held numerous offices in the health planning field and has been appointed on different occasions to serve on state boards. In addition to the many organizations of which he is a member, he has been recently inducted into the Sons of the Revolution and recognized as a Phi Theta Kappa Fellow by the Phi Theta Kappa National Honor Society.

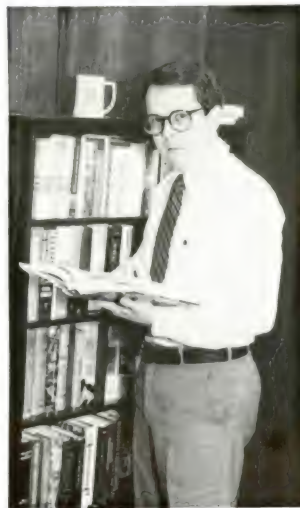

Dr. Amburgey has been active in many educational organizations. Recently he was elected to serve on the Commission of Colleges of the Southern Association of Colleges and Schools. This Commission, which is composed of sixty-six members, has the primary responsibility for the accreditation of member colleges and universities throughout the Southeastern United States.

Even though Dr. Amburgey is involved in many on campus and off campus activities, he and his family occasionally find time to pursue some of their outdoor interests. They particularly enjoy such activities as camping and fishing.

## Dr. William Knight    Academic Dean

In the two years since Bill Knight became the Academic Dean of Hiwassee College, he has done an outstanding job. His willingness to assist in solving academic problems and other difficulties has made him a favorite with students. Many sophomore students have also appreciated the attentive scrutiny provided by him and his staff in seeing that graduation requirements are being fulfilled. (Better to find out at the beginning of Spring quarter than the day before graduation.)

Dr. Knight came to the college well educated for his role as Academic Dean. He has a B.S. in English from East Tennessee State, a M.A. in English from Western Carolina University, and recently completed doctoral work to receive his Ph. D. from Virginia Polytechnical Institute and State University (VPI). His doctorate is in College Administration. His dissertation on Non-Punitive Grading Practices in the Two-year College has been widely acclaimed as an excellent and thorough work.

Along with his many responsibilities as Academic Dean, Dr. Knight's schedule also includes teaching Public Speaking and sponsoring the Phi Theta Kappa Honorary Fraternity. In all of these settings, students find Dr. Knight's thoughtful insight and concern for their well-being to be a beneficial part of their Hiwassee experience.

Dr. Knight and his wife, Judy, have two children, Myra and Lara, and have made their home in the Creekwood Subdivision of Madisonville.

## BILL DAUGHERTY DEAN OF STUDENTS

As Dean of Students, Bill W. Daugherty continues to do a tremendous job. His responsibilities range from coordinating the schedule of extracurricular activities to counseling students who may seek his advice concerning any one of a myriad of problems facing college students of the 80's. In spite of the pressures of his position, Dean Daugherty continues to show sincere concern for the students of Hiwassee and their well-being as individuals.

Dean Daugherty is one of several faculty and staff persons who once attended Hiwassee themselves as students. After receiving his A.A. degree from Hiwassee, Dean Daugherty attended E.T.S.U. to receive his B.A. in P.E. and Masters in Health. He has also done additional graduate work at U.T.K. in Education & Administration.

Along with his many responsibilities as Dean of Students, Dean Daugherty also finds time to coach the Lady Tigers Softball Team, and to sponsor the Fellowship of Christian Athletes, and the Student Government Association.

The vigor and spirit with which he approaches his work is contagious to the students he is around and is a real plus for these organizations.

One of the things which students appreciate most about Dean Daugherty is his uncanny ability to learn, and remember their names. In a world where students are increasingly identified by a number, a Dean of Students who knows them by name is refreshing.

Dean Daugherty, his wife, Carolyn, and his three sons, Bill Jr., Robbie, and Tony reside in the old president's mansion on the hill across the road from the college.

# FEATURES

## 'THE YOUNG ELIZABETH'

The first production of the Theatre Hiwassee '81-82 took place Nov. 5, 6, and 7. It was a wonderful presentation of the life of "Young Elizabeth". Luther and Lowry once again delighted us and we look forward to many more.

# SHENANDOAH

During its three day run on May 6, 7, and 8, the musical "Shenandoah" took its deserving place alongside the long list of other hit musicals. Under the direction of the producer-directors Joe B. Lowry and Carol J. Luther, all went well on and off stage. The long tiring hours of rehearsal paid off. The crowds were thoroughly entertained by this top-line production. A job well done, by far.

## ALUMNI BANQUET

The Alumni Banquet was the beginning of what was to become one of the most hectic-filled weekends of Graduation activities. It was then we began to realize we would soon be leaving. We proudly became Alumni of Hiwassee.

# CLASS NIGHT

Class night is supposed to be one of the best nights of the year. It is where you look back on all you have done with your friends. It is a time to share laughter and joy.

But the class night of 1982 was not like it should have been because of a certain group of people. Instead of joy and laughter, many experienced tears and sorrow. The night was ruined and the memories tainted.

This class night was ruined, but maybe saying it out loud how bad it was will stop others from being so unsensitive to the feelings of others in the future.

## BACCALAUREATE SERVICE

The Baccalaureate Service was only one step from our final departure from the campus. As we listened to our speaker we reflect also back on our times at Hiwassee. As we leave the service we know how soon the next step will arrive.

## GRADUATION EXERCISE

Being Editor of the yearbook has been a very worthwhile endeavor. It has given me experience in different things, such as, being responsible and leadership. It has given me a chance to get to know people better. It gave me a chance to learn something about photography, which is a very interesting field.

But most of all, it has given me the chance to know Hiwassee. Going over the events that have taken place, meeting the different people who come here, and most of all, working together with friends and faculty.

It seems like only yesterday when I first came here as a freshman. It doesn't seem possible for two years to have come and gone. Two years of laughter and tears,

joys and sorrows, happy and sad times. The memories that all of us have of these two years will remain with the rest of our lives.

I would like to express my gratitude to Mr. Hill, for his help and advice; to Dean Daugherty, Debbie Col Barbara Butler, Bobby Pennington, and Mr. Kiger for of their assistance; to Mr. Paul Barker Jr., who was helpful; to Kathy White, for her unending help; especially to Sherri Milam, whose help I couldn't have done without.

Thank you Hiwassee for two years full of great memories.
